

The Autorité de la concurrence joins the #StOpE initiative in 2024!

Published on January 25, 2024

In 2024, the *Autorité de la concurrence* is extending its commitment to fighting everyday sexism by joining the inter-company #StOpE initiative to end everyday sexism in the workplace. On January 25, France's national anti-sexism day, the *Autorité* attended the annual #StOpE event alongside 71 other new signatory organisations and companies.

Joining the #StOpE initiative is one of the 20 actions identified by the *Autorité* in the 2023-2025 "Diversity and Inclusion" roadmap. The *Autorité* is the first independent administrative authority to join the #StOpE initiative.

The #StOpE initiative was created in 2018 and now has 199 signatories from across the private and public sectors. The aim is to pool energies to fight everyday sexism in the workplace and disseminate actions and best practices.

To that end, the #StOpE initiative is building a network of employers that pledge to take action on the eight priorities set out in the #StOpE charter:

- **DISPLAY** and **APPLY** the zero-tolerance principle
- **RAISE AWARENESS** of sexist behaviour (acts, words, attitudes) and their impacts
- **PROVIDE TARGETED TRAINING** on obligations and best practices related to fighting everyday sexism
- **CIRCULATE** educational material to help employees address sexist behaviour in the workplace
- **ENCOURAGE** all employees to contribute, i.e. to prevent and identify sexist behaviour and to respond when faced with everyday sexism
- **PREVENT** situations involving sexism and provide individual support for victims and witnesses so they can report sexist behaviour and for decision-makers so they can address the behaviour
- **PUNISH** reprehensible behaviour and communicate on the associated disciplinary measures
- **MEASURE** and introduce indicators to monitor progress

The initiative is placed under the high patronage of the French Ministry for Gender Equality, Diversity and Equal Opportunities. Since 2021, #StOpE has been supported and led by the French association of diversity managers (*Association française des managers de la diversité* – AFMD).
