

Our new digital unit is recruiting!

Published on February 07, 2020

The Autorité is hiring a head of unit, a data scientist, a software engineer, an economist and a legal adviser for its new Digital economy unit.

You can find below the position descriptions:

- [Head of unit](#)
- [Data scientist](#)
- [Economist](#)
- [Software engineer](#)
- [Legal adviser](#)

By way of a reminder, the Autorité announced, on 9 January, the creation of a digital economy unit, reporting directly to the General Rapporteur, whose task is to develop in-depth expertise in all digital areas and to cooperate in the investigation of anticompetitive practices in the digital economy
