

Fisheries and aquaculture sector: the *Autorité* fines the ARIPA association

Published on November 16, 2022

Fisheries and aquaculture sector: the *Autorité de la concurrence* fines the Association réunionnaise interprofessionnelle de la pêche et de l'aquaculture (Reunionese Interprofessional Fisheries and Aquaculture Association) for implementing an anticompetitive agreement on price and control of production and outlets.

The *Autorité de la concurrence* fines the Association réunionnaise interprofessionnelle de la pêche et de l'aquaculture (ARIPA) 60,000 euros for organising an anticompetitive agreement between its members regarding the fixing of selling prices for fish and the control of production and outlets.

ARIPA did not contest the facts alleged by the *Autorité de la concurrence* and benefited from the settlement procedure.
