

Opening of an in-depth examination into the creation of a joint venture by the Aéroport de Paris and Select Service Partner groups

Published on January 09, 2023

On 28 October 2022, the Aéroport de Paris and Select Service Partner groups notified the *Autorité de la concurrence* of their plan to create a full-function joint venture called Extime Food & Beverage Paris, whose purpose is to eventually operate almost all of the catering outlets located in Paris-Roissy Charles de Gaulle and Paris-Orly airports.

At the end of the first phase of the review (known as "phase 1"), the *Autorité* considered that the transaction raised serious doubts regarding harm to competition that justified an in-depth review of the transaction (known as "phase 2").

The start of this phase 2 will, in particular, be an opportunity for the *Autorité* to consult market stakeholders through hearings or new market tests.
